

July 2025

Dear Student

At Fort Pitt Grammar School, we use **Arbor Student App** as our main platform for accessing school information. Arbor allows you to view your timetable, view homework, attendance, behaviour points, and receive important messages from school. It would be very useful if you **could download the app before your first day** so you're ready to go! Your log in details will be given to you during your first Computer Science lesson.

If you don't have access to a smartphone, you can still use Arbor through a web browser. Simply go to <https://login.arbor.sc> and log in using your school email address and password. The web version offers the same features as the app, so you won't miss out on any important information.

Logging into the Arbor App

To get started with Arbor, follow these steps:

Step 1: Download the App

- Go to the **App Store (iOS)** or **Google Play Store (Android)**.
- Search for "**Arbor**" and download the **Arbor Student Portal** app.

Details for step 2 will be given to you when you arrive

Step 2: Log In

- Open the app and select "**Student**" when prompted.
- Enter your **school email address**
- Enter your **school password**
- Log in

Tip: If you have trouble logging in, contact Mrs Burling in reception for assistance.

Key Features of the Arbor App

Once logged in, you'll have access to a range of useful features:

- **Timetable** – View your daily and weekly schedule.
- **Homework** – Track and monitor your homework under 'assignments'.
- **Attendance** – Check your attendance records.
- **Behaviour** – See any positive or negative behaviour points.
- **Messages** – Receive important updates and messages from school.

Do you have more questions? The Arbor help centre is a great place to start [Arbor Help Centre](#)

We look forward to welcoming you in September and we are sure you will find this app useful in keeping organised and supporting your learning journey at Fort Pitt.

Kind regards,

Ms Hirons
Headteacher
